Jeff Babcock, Cheese Specialist

It all started in 1999, when an old gold mine tucked within the Sierra Nevada Mountain range was transformed into an ideal aging facility. After years of working with one of Wisconsin's finest master cheese makers, they were able to perfect the formula that allows Shaft's Cheese to age gracefully.

Shaft's Bleu Vein Cheese is a savory, full flavored bleu cheese aged for a minimum of one year. This cheese is made with only the finest rBST free pasteurized cow's milk. By aging this cheese, a rich creamy flavor is created. This product has a big bold bleu flavor without the overpowering taste which can often accompany bleu cheeses. Enjoy this versatile cheese on everything from crackers to steaks.

"Jason Wiebe Dairy is a third generation dairy farm located on the historic Santa Fe Trail in Central Kansas. We milk about 120 mixed breed cows, and do some grazing. We

do not give our cows growth hormones or milk producing hormones (BST). In 2000, we started making cheese in our house and selling raw milk cheese to neighbors. In 2003, we were inspected and got a permit from the Kansas Department of Agriculture to produce cheese in a new building built next to the barn where the cows are milked. We made pasteurized milk cheeses for several years, and then added raw milk cheese to our lineup, with the demand growing rapidly for raw milk cheeses."

"After making cheese on our farm for about 10 years, we decided in summer of 2010, to develop our own signature line of cheese. We are excited to be introducing the result of the collaboration between Jason Wiebe Dairy and Cheezsource to you. Cottonwood River Cheddar is a raw milk aged cheddar with a unique process that develops a full, slightly sweet flavor without the acid bite of a typical aged cheddar. It is pale yellow in color, body is firm, and is getting outstanding reviews since starting to market it in summer 2011."

An extraordinary cheese, Cottonwood River Cheddar has a wonderfully sweet aroma and a dense crumbly texture. The flavor is immediately reminiscent of pineapple with traditional cheddar notes coming forward as sharp meets sweet.

Based in Berkeley, California, Fra'Mani Handcrafted Foods is committed to selecting ingredients of the highest quality and honoring old world

food traditions to produce authentic, delicious specialty items for the deli case and restaurant table.

Fra'mani pork and turkey are always raised in the USA with no antibiotics ever, no added hormones, and no animal by-products (100% vegetarian feed).

- Made from whole muscles and prime cuts, carefully trimmed by hand.
- Slow-roasted to ensure a moist and supple texture and pure flavor.
- No added nitrates or nitrites (except those which occur naturally in sea salt and celery), and artificial binders, flavors or extenders are never added.

WHOLE MUSCLES

Fra'Mani Smoked Pancetta is made according to the traditional Italian production method of "pancetta arrotolata" (rolled pancetta) from pork bellies. Hand-salted, seasoned with garlic and clove, and slow-smoked over hickory wood, this "Italian bacon" is equally at home crisped in a sandwich as it is tossed with handmade pasta.

1986357 Smoked Pancetta 3/2.75 lb

Fra'Mani Rosemary Ham and Sweet Apple Ham comprise 3 major muscles of the pork leg—inside round, outside round and eye of round—that are formed by hand into a teardrop shape, trussed, and smoked. Rosemary Ham's appealing light pink complexion and hint of rosemary make it ideal for a variety of sandwiches.

Sweet Apple Ham is infused with the flavors of apple juice and brown sugar.

Fra'Mani Spicy Capicollo is produced in the traditional Italian method from hand-trimmed pork shoulder. Seasoned with red pepper, garlic, vinegar, and fennel and lightly smoked, this staple of Italian-style sandwiches also makes an excellent addition to charcuterie boards or pizza.

Fra'Mani Smoked Ham is a single muscle ham made from the knuckle of the pork leg, formed by hand into a small oval shape, trussed, and smoked over natural hardwood. Lean and dark in color, its compact muscle grain results in a fine texture, especially when sliced thinly.

DISTINCTIVE FACES

Fra'Mani Roasted Turkey Galantine is a unique delicatessen turkey that combines light and savory dark meat, giving it a distinctive mosaic face and a true, rich turkey flavor. The turkeys are sourced from Diestel Ranch, located in the foothills of the Sierras in Sonora, California. Slowly roasted to retain juiciness, the Galantine's seasoning is limited to salt and pepper to highlight the refined flavor of the Diestel bird.

Fra'Mani Classic Mortadella is made with prime cuts from the leg, shoulder, belly and head. A series of rotating knives of increasing quantity and grinding plates of diminishing size results in a particle size barely measurable to the eye and a delicate texture. It is speckled with small cubes of pork jowl, the firmest and most flavorful fat on the hog. Slice paper thin and serve on a platter or wrap around crisp breadsticks.

1307810 Classic Mortadella 2/6 lb

Fra'Mani Salame Rosa is a cooked salame (*salame cotto*) with origins in Bologna, Italy. Traditionally, sausage-makers throughout the Emilia-Romagna region would roast salme rosa alongside mortadella in wood-fired ovens. Salame Rosa has been described as "marbled Bologna," which characterizes its mosaic-like face and rosy hue. Mildly seasoned with coriander, white pepper and mace and studded with pistachio nuts, it is particularly delicious with pickled vegetables or superior mustard.

Specialty Tiny Flavor Bombs from Peru

Le Village

Love of Fare

Pop a Sweet Drop in your mouth to find out just what a flavor bomb is. Introducing Yellow Sweet Drops from Cocina Selecta. Sweet Drops are actually tiny peppers, only like the "Sweet 100" tomato, a pepper much smaller, sweeter and pear-shaped than most of its kin.

Developed in the highlands of Peru from a seed believed to be a wild cross between a tomato and a jalapeno pepper, it has been cultivated commercially over a period of two years to enhance its natural flavor - one that is both sweet and hot.

That unique combination makes it work for salads as well as for spicy dishes such as pizza, or even dessert pastries. These new and versatile yellow tear shaped peppers also work well in pastas or even a martini.

These golden delights are small enough to pop right in your mouth, yet they are bursting with flavor. As golden as the sun shining on the Peruvian highland plains, this pepper will be the highlight of any dish.

Yellow Sweet Drops are now available from European Imports, Inc. in two pack sizes.
