Grilling Season

Grilling, for many of us, is a celebration of all things summer — a tasty reward for surviving another long winter. With the July 4 holiday right around the corner, if you haven't already fired up your grill, chances are you will very soon. Whether you are a novice or a grilling veteran, we could all use products that make our grilled dishes stand out. To that we say, start in your pantry. Stock it full of specialty products that make your finished dishes unique and delicious. With a well stocked pantry you can grill your favorite meat and make an outstanding and delectable dish every time you grill. We suggest you start with:

Instead of plain ketchup try Ketchapeno, Ketchipotle or Maya Kaimal Ketchup.

Replace yellow goopy mustard with a variety of flavored mustards from: Life in Provence, Vilux, Inglehoffer, Honeycup or Laurent de Clos.

Ordinary mayo doesn't have the flavor that Life in Provence Aio-li or Rouille packs.

Rub your meat with the best meat rubs available: Char Crust and Pride of Szeged.

A marinade makes meat better by adding moisture, tenderness and flavor. Try: Jardine's or Soy Vay to impart your meat with flavor.

Barbeque sauces are personal. Some like it sweet others like it hot, and we have that and everything in between. BBQ sauces to try: Bone Suckin' or Rufus Teague.

Finally, if you just want to throw something on the grill and take it off full of flavor, we suggest Raisin River sausages. Raisin River sausages are available in a variety of flavors and they are all natural.

Classics from Spain

BONVALLIS TETILLA D.O.P. 15 DAYS

Tetilla cheese is already mentioned in historic texts in 1753. It was an in-house made cheese from central Galicia, located in the north of Spain, that quickly became the most famous Galician cheese.

Tetilla has a characteristic recognizable conic shape, origin of the name Tetilla: little breast.

Bonvallis Tetilla DOP has a yellowish paste with a semi-soft creamy and elastic texture. The rind is waxy and yellow. The flavor is mild, lactic, fresh and slightly salty.

Its texture makes Tetilla a perfect cheese for melting.

VILLAVIEJA MURCIA AL VINO D.O.P.

Murcia al Vino DOP is a very popular cheese in Spain, a must in every cheese tray.

The cheese has a burgundy color rind and a strong winy bouquet because it is soaked in local red wine. Its paste is of an intense white color with a creamy, elastic close texture and a mild flavor. It is rich in content, fine and creamy, fruity with an elegant flavor of goat's milk.

Villavieja Murcia al Vino DOP is produced in a family-run dairy situated in the heart of the Murcia region. Rufino and his three siblings continue the tradition started by their father 20 years ago, turning the unique milk of the *Murciana* goats into an extraordinary cheese.

The milk comes only from the local *Murciana* goat breed that grazes freely. The milk of these goats is considered one of the best goats' milks as it has a rich sweet flavor and is not so sour, as other goat milks.

Wild & Unique Foods by Tim Doyle, Meat & Game Specialist Leoncini Prosciutto Cotto Castagna

Leoncini is an old and traditional family whose members have been handing down the science and art of pork gastronomy from father to son for generations. Aristodemo Leoncini began the art of making salted meats back in 1918, in the Province of Reggio Emilia. Today his sons run the company with his same ambition, liveliness, strong character and great passion.

Currently, Leoncini is sold in thirty countries. They have two plants and employ over 200 people. At this family run business, the faces have changed but the flavor remains the same. The passion for the job and pride in one's own work is a careful, reliable presence at all times.

Traceability measures and qualified suppliers are used to ensure the best quality product. Low fat leg of pork from the best European pig

breeders are used. Carefully selected legs are deboned and trimmed and steam baked in ovens in traditional molds. They are vacuum packed and pasteurized on the surface and are free of polyphosphates.

The strictest application of ancient meat processing techniques are used. Technology advancements have offered numerous advantages but are carefully applied in order not to compromise in any way the taste and quality. You can definitely taste the wonderful flavor, you do not taste water, you are tasting a true delicate and well balanced pork flavor.

8785741 Prosciutto Cotto 1/16.5 lb

Prosciutto cotto is an excellent meat thinly sliced for a deli sandwich or as a nice complement to a main dish. This delicately flavored dry cured ham will bring customers back for more.

French Gourmet has improved their packaging to make their products even more easy to use! They have converted to "layer packaging", with paper sheets between the layers

of product. This offers the benefit of smaller case size to maintain product integrity when shipping and also prevents product from sticking together.

The croissants and Danish inside are still the same highest quality all-butter, freezer-to-oven breakfast pastries that have become an industry standard, but now are even easier to use!

Summertime is just around the corner, and Pidy has products to present ice creams, sorbets, frozen custards and gelato in new and exciting ways to your cus-

tomers! First we have the Pidy 3" waffle cup – perfect to use as a one-to-two scoop edible container. It is crispy and slightly sweet and has the benefit of being able to be served either as a grab and go "cone" or served on a plate.

If you would like to make an extra special sundae or a great edible cup for a sundae bar, you should consider the Pidy 4" chocolate coated waffle tulip cup. It is big enough for 2 scoops of ice cream along with sauces, toppings and whip cream. The chocolate coat-
